Reason for contact:

Mr. Trankler had submitted a Stream Usage Survey but I could not locate the sites where he says he fishes.

Comments:

Caney Creek appears to enter Ditch #1 at two places: first where the old, meandering creek enters (in Sec 3, T28N, R12E), and second where the new, straight “ditch” creek enters, further downstream in Section 10. His answers did not clarify that for me, nor did his description of where the dam is (further upstream near Chaffee?). However, he said he also fishes where the old railroad tracks cross the creek...and that is clearly visible on the map of Caney Creek. Conclusion: he fishes in the UAA segment of Caney Creek, WBID 3051.
